If the state does not adopt the revised fund distribution procedure as indicated in the Central Government's letter dated 01/11/2021, the amount of central grant (Central share 60%) admissible to the State Government under the said scholarship scheme cannot be paid. It is also indicated that if the central grant received in that financial year remains unspent, it cannot be reallocated for expenditure in the next financial year.

Considering the said matter, issues related to distribution of funds in the revised guidelines of the Central Government. The matter of accepting the provisions No. 11.1 and 11.2 and the provision No. 10.1 was under the consideration of the Government.

 - A. Students belonging to Scheduled Caste families fulfilling at least 3 or more of the total 7 criteria laid down for deprived groups in the Socio-Economic Survey, 2011 (SECC-2011).

In the said process, the concerned college must fill the application form of the admitted students online on the same day on which they have taken admission and take other related actions. Otherwise, if any problem arises in the future, the concerned college will be held responsible.
 13. The revised guidelines will be applicable from the year 2020-21 to the year 2025-26. - make preliminary registration on the system till the end of the current academic year.
16. As the benefit of the scheme will be given through Direct Benefit Transfer (DBT) only, the beneficiary must have the Aadhaar number and link it to their account to renew their application. And the responsibility of the same is entirely on the student and they must attach their bank account, telephone number with Aadhaar card.
 17. A student must have a satisfactory progress report for the previous year and at least 75 percent attendance for the previous year to renew the scholarship application every year.
 18. Through the state government every year from the month of April, the said scheme will be widely promoted and publicized through daily newspapers of maximum consumption and various websites/portals of the state government throughout the state. Also, the responsibility of wide promotion and publicity of the said scheme at the college level is being determined on the colleges and for this purpose they should organize workshops / camps from time to time.
 19. In view of the effective implementation of the said scheme and its benefit to the last student in the state, the Commissioner, Social Welfare, Maharashtra State should implement an independent system at the state/regional level with the help of the Social Inspection Unit in the state to evaluate the success of the said scheme from the current year. This should include at least 10 percent of the colleges or students in the district. The said system should submit its monthly report to the government
 20. If any document or information of any student availing the benefit of the scheme is found to be false, that beneficiary will be permanently disqualified from the benefit of the scheme. At the same time, the student must complete the course in which he is enrolled. If he leaves the course partially without the permission of the Government or cancels the admission to that course or changes the college and the said matter is brought to the notice of the Government, in such a case the scholarship taken by the beneficiary for that course will be canceled immediately and its recovery will be done by the Government. In such a case, the scholarship taken by the beneficiary for that course has to be returned to the government immediately.
 21. If any changes are to be made in the said revised guidelines, the decision of the Central Government will be final.
