Hon. Siddharth Pathak explained in details about career opportunities and how to grow financially through investment in the financial sector. He discussed about following topics very effectively. Career opportunities after Post graduation, Investment Opportunities in developing country like INDIA, He explained meaning of Investment opportunity as, Investment opportunity means "anything, tangible or intangible, that is offered, offered for sale, sold, or traded based wholly or in part on representations, either express or implied, about past, present, or future income, profit, or appreciation." He explained ten important Investment opportunities as follows. Some of the above investments are fixed-income while others are market-linked. Both fixed-income and market-linked investments have a role to play in the process of wealth creation. While market-linked investments help in navigating the volatility and in the process generate high real return, the fixed income investments help in preserving the accumulated wealth so as to meet the desired goal. Report on 'Aatmanirbhar' program of Vijay Thakkar

"If you wish to gain financial freedom early in life, you need to channel the conventional approach and start planning today": Vijay Thakkar

Yashoda Technical Campus had organized a 'Aatmanirbhar' program of Vijay Thakkar for the students. The objective of the program was to render the Financial Independence awareness to the students. The key points discussed in the program are as follows:

Financial freedom is generally assumed to be 'a state in which an individual or household has sufficient wealth to live on without having to depend on income from some form of employment.

Financial freedom is the state where an individual can easily pay off his/her living expenses since they have enough income sources that allows them not to be dependent on others. After getting this freedom, money is not the dominating force in their personal life. In other words, at this point, an individual is free from worrying about the source of their income. We are aware of the importance of financial independence for married or aged people. However, not many people are aware that it is also essential for college going students or youngsters.

Students often think of following their hobbies along with their studies. However, they often don't have enough resources and savings to afford their dream hobbies. Therefore, they have to depend on their parents to pursue their hobbies. On the other hand, a financially independent student has ample opportunities to afford hobbies such

as travelling, sporting events etc. A financially independent person can also involve in pursuing music, art or photography. Students can use these skills to earn money or help others. However, they should use their monetary resources efficiently, and shouldn't just go around wasting their money on non-resourceful things or activities.

Dr. V. K. Redasani welcomed Shri. Vijay Thakkar by offering memento, the program was organized and coordinated by Randhirsinh Mohite. The alumni of MBA department Mr. Abhijeet Sawant availed this opportunity for the students of Yashoda Institutes, Satara. Faculties, Students of various departments of Yashoda Technical Campus were present on the occasion.
